

Recommendation Letter – Gabriel Monteillard

Dear Sir or Madam,

As CTO of Vesto, I am pleased to warmly recommend Gabriel Monteillard as a future member of your team.

During his 6-month internship at Vesto as a web developer, Gabriel not only demonstrated strong learning abilities, active listening, and deep understanding of complex topics, but also became a key pillar of our team thanks to his proactivity and consistently positive attitude.

Gabriel quickly adapted to our tech team, building solid technical skills (notably in ReactJS, which he had not mastered before joining us) and swiftly adopting our working methods while showing autonomy on challenging projects. One of his notable achievements was independently setting up the complete automation of a complex operational process involving API integration with a partner. This project led to significant efficiency gains for our teams and is still widely used and replicated today.

I am confident that Gabriel will be a valuable asset to any tech team, not only for his ability to rapidly develop technical skills, but also for his enthusiasm, team spirit, and curiosity.*

Please feel free to reach out to me by phone if you would like to discuss further. I remain at your disposal.

Regards,

Anne-Laurène Harmel
